Haarlem

Regarding: Internet + Television

Dear Sir/Madam,

With over 25 years of experience in telecommunications, BCS Haarlem helps expats set up television, internet and phone services free of charge. We save you time and money by finding the best subscriptions for internet, TV and mobile services. We will arrange a working internet connection within 2-3 working days!

Ziggo is the largest cable provider in the Netherlands. They supply more than four million households with at least one communication service (internet, digital television or mobile/landline phone services).

BCS Haarlem has teamed up with Ziggo to offer you a special on three different internet and television subscriptions. At BCS you will receive exactly the same offers and promotions as with Ziggo directly. We unburden you with the cumbersome application procedure and we help you with any problems.

Enclosed you will find the Special Offers for internet or internet and television subscriptions.

If you have any questions, please contact us by phone (+31 6 54775566) or send an email to paul@bcstelecom.nl.
